HISTORY

This two-story residence was built in 1912 for Carlo Hahn, an agent for the Bordialino Hat Co. and a partner of Giovanni Ferro. Mr. Ferro, Hahn's brother in-law, lived next door in the elaborate Italianate villa once owned by the Schiappapietra family. The Hahn House was built to complement the adjacent mansion. It exhibits several characteristics of early Victorian styles although built well after the period ended. The house was remodeled as a restaurant in 1971. The house is listed as a contributing member of the Mission National Historic District. The Carlo Hahn House is also recognized as a City of Ventura landmark.
